•

****PROFESSIONAL SUMMARY****

Detail-oriented and safety-conscious Welder with 3 years of hands-on experience in structural and pipe welding. Proficient in SMAW, GMAW, and TIG processes with a strong ability to interpret complex blueprints and welding symbols. Proven track record of consistently meeting project deadlines and quality standards, contributing to a 15% reduction in rework. Committed to maintaining a safe and efficient work environment through strict adherence to safety protocols.

•

****SKILLS****

****Technical Skills****

- * Shielded Metal Arc Welding (SMAW)
- * Gas Metal Arc Welding (GMAW/MIG)
- * Gas Tungsten Arc Welding (GTAW/TIG)
- * Flux-Cored Arc Welding (FCAW)
- * Oxy-Fuel Cutting
- * Plasma Cutting
- * Metal Fabrication
- * Blueprint Interpretation
- * Welding Symbol Interpretation
- * Joint Preparation
- * Material Handling
- * Quality Assurance Welding
- * Visual Welding Inspection

****Tools & Equipment****

- * Arc Welding Machines (MIG, TIG, Stick)
- * Plasma Cutters
- * Oxy-Fuel Cutting Equipment
- * Angle Grinders
- * Measuring Instruments (Calipers, Squares, Tape Measures)
- * Welding Helmets and Personal Protective Equipment (PPE)
- * Clamping and Fixturing Devices
- * Hand and Power Tools

****Soft Skills****

- * Problem-Solving
- * Attention to Detail
- * Safety Protocol Adherence
- * Team Collaboration
- * Effective Communication
- * Time Management
- * Critical Thinking

•

****PROFESSIONAL EXPERIENCE****

****Patra Welder Company**** - Berhampur

Welder | [Month, Year] - Present (3 years)

- * Executed high-quality welds on various metals, including carbon steel and stainless steel, using SMAW, GMAW, and TIG techniques in accordance with project blueprints.
- * Interpreted technical drawings and welding symbols to accurately fabricate and assemble metal structures, ensuring all components met precise specifications.
- * Operated oxy-fuel and plasma cutters to cut and shape metal parts, achieving a 98% accuracy rate on first-pass cuts.
- * Performed routine visual inspections on completed welds to identify and correct defects, ensuring compliance with internal quality standards.
- * Maintained a 100% personal safety record by consistently following all safety procedures and utilizing appropriate Personal Protective Equipment (PPE).

•

****EDUCATION****

****Industrial Training Institute (ITI)**** - Berhampur

Certificate, Welder Trade

-

****CERTIFICATIONS****

* No professional certifications at this time. Actively pursuing American Welding Society (AWS) certification opportunities.
